ALUMINIUM TELESCOPIC HANDLE

Product code. 00001044

Aluminium handle light and rustproof. It is equipped with 2 plastic grips to enable a better grip and ergonomics and to avoid direct contact between the operator hands and the aluminium. The professional telescopic handle has a double function. It can be used in substitution to the traditional handles, with the advantage to adjust the length according to the operators needs. Furthermore, the insert for the terminal cone enables to use the handle as telescopic poles for dust collectors, window washers etc.

TECHNICAL DATA

Size (WxDxH cm)	97 x 184
Capacity (L)	Ø 26 mm

Material	Aluminium
Unit Net Weight (kg)	0,48
Gross Weight Package (kg)	5,15
Volume Package (m3)	0,012
Package (pcs)	10 pieces
